

RAJ RASTOGI

Software Developer || .NET Developer

+91 8423691477 @ rajrastogi2115@gmail.com linkedin.com/in/raj-rastogi16 Lakhimpur Kheri 262701 U.P. (INDIA)

SUMMARY

Results-driven Software Engineer with 2+ years of experience in full-stack and backend development using ASP.NET Core, MVC, C#, Entity Framework, and JavaScript. Skilled in designing scalable web applications, developing RESTful APIs, and integrating SQL Server databases. Strong understanding of object-oriented programming, system design, and software development best practices. Experienced in Agile development environments, collaborating with cross-functional teams to deliver high-quality, maintainable solutions.

EXPERIENCE

.NET Developer

Appsoln Technology Pvt. Ltd. 06/2024 - 04/2025 Jaipur, India
Software Development Company Specializing in .NET Solutions.

- Developed and maintained microservices architecture using **ASP.NET Core, C#, and MySQL**, handling over 100K daily transactions.
- Designed and implemented secure **RESTful APIs** with **JWT-based authentication** and **role-based access control (RBAC)**, enhancing system security.
- Optimized backend services, reducing latency by 35% and improving page load times by 40%, resulting in a 20% increase in user retention.
- Scaled application infrastructure to support 3x concurrent users, maintaining 99.9% uptime during peak traffic periods.
- Collaborated in Agile Scrum teams, participated in daily stand-ups, sprint planning, and retrospectives alongside QA, product, and DevOps teams.
- Resolved over 100 bugs, reducing reported errors by 60%, significantly improving customer experience.
- Authored technical documentation detailing development processes, APIs, and security protocols for internal teams.

Junior .Net Developer

Techpile Technology Pvt. Ltd. 03/2023 - 06/2024 Lucknow, India
Software development company specializing in .NET solutions

- Developed **responsive web applications** using **ASP.NET MVC, HTML, CSS, JavaScript, and jQuery**, ensuring cross-browser and cross-device compatibility.
- Built data-driven features using **ADO.NET** and **Microsoft SQL Server**, enabling seamless data storage, retrieval, and reporting.
- Collaborated within a **4-member Agile team** to develop an **e-learning platform** using **ASP.NET MVC, MSSQL, and JavaScript**, successfully delivering the project within **2 months**.
- Developed responsive UIs using ASP.NET MVC, jQuery, AJAX, and Bootstrap.
- Led **network infrastructure upgrades**, enabling the system to handle a **50% increase in data traffic**, improving overall speed and reliability.
- Provided ongoing support for legacy systems while modernizing core modules for better maintainability and performance.

EDUCATION

Diploma in Computer Science & Engineering

Government polytechnic Mohammadi kheri

2021 - 2023 Mohammadi Kheri

KEY ACHIEVEMENTS

Code Helper Project

Successfully developed a responsive learning portal using ASP.NET MVC, ADO.NET, and Bootstrap, improving user experience by enabling easy access to free and paid courses.

Minimized application errors by efficiently resolving bugs, enhancing platform stability and user satisfaction.

TECHNICAL SKILLS

Language & Framework

Languages: C#, ASP.NET Core, ASP.NET MVC, SQL, JavaScript

Frameworks & Libraries: ASP.NET Core, Entity Framework Core, ASP.NET MVC, Web API

Front-End / Web Technologies: HTML, CSS, JavaScript, jQuery, AJAX, Bootstrap

Databases: Microsoft SQL Server

Tools: Visual Studio, Visual Studio Code, SQL Server Management Studio, SSMS, Postman, notepad++

CS Fundamentals: Object-Oriented Programming, Data Structures, Algorithms, RESTful API Design, Development System Design, Architecture, Asynchronous Programming, Design Patterns

Other: LINQ, JSON, XML, Dependency Injection

PROJECTS

Cam Clients || ASP.NET CORE MVC

06/2024 - 04/2025
Platform for adult content creators featuring live video streaming and interaction

- Developed front-end code using HTML, CSS, JavaScript, and jQuery
- Built a responsive web application adaptable to multiple devices
- Worked with a team to create an e-Learning website within a tight timeframe
- Coordinated network infrastructure upgrades supporting increased data traffic
- Improved testing processes, reducing software defects by 25%
- Enhanced system performance, resulting in a 10% increase in user satisfaction

Code Helper || ASP.NET MVC

2023 - 2024
Learning portal website built to enhance user learning experiences

- Developed a learning portal website utilizing .NET MVC technology during apprenticeship
- Facilitated user registration and course enrollment, enhancing user accessibility
- Scaled the application infrastructure to handle 3x the concurrent users
- Resolved 100+ bugs leading to a 60% decrease in reported errors
- Documented software methodologies in technical manuals
