Other Skills: Agile Development, Object-Oriented Design, Sharepoint Modernization & Migration

Professional Experience

Software Engineer | SLK | Bengaluru

Projects: Fifth third Bank

October 2023 - Present

- Migrated the ALPS desktop application to the ApplyHub web platform, reducing load time by **90%** and cutting maintenance costs by **20%**, improving performance for over **1,000 daily users**.
- Spearheaded the integration of **10+ new features** into ApplyHub, driving a **15% increase** in user engagement and improving overall application functionality.
- Optimized over **200 database queries**, enhancing application responsiveness and boosting processing efficiency by **30%**, decreasing server load during peak usage.
- Automated CI/CD pipelines with Jenkins, reducing deployment times by **40%** and minimizing manual errors in production releases.
- **Implemented caching strategies** to enhance page load speeds, leading to a **25% improvement** in performance during high-traffic periods.
- **Developed a custom monitoring solution** to track system performance metrics, resulting in the early detection of **95% of potential system issues** before they impacted users.

Education

Bachelor of Engineering

Chandigarh Group of colleges

2019 - 2023

Achievements

Awarded BEST Team by the Client (LIB CIO, Cincinnati) for delivering exceptional performance on key projects, leading to a **30% increase in client satisfaction** and project efficiency.

Received Stellar Team Awards for multiple consecutive quarters, consistently contributing to **100% on-time project delivery** and achieving **high client approval ratings**.

Recognized for outstanding collaboration and leadership in 2023, playing a key role in improving team performance by **20%**, and successfully achieving **all quarterly project goals**.
Honored as the Shining Star of the Year 2024 for individual performance, leading to the successful completion of **5 high-priority projects** that exceeded client expectations.
Completed professional development courses on platforms like Udemy and Percipio, acquiring new skills that contributed to **reducing bug rates by 15%** in subsequent project releases.

Additional Skills

Soft Skills: Excellent communication, teamwork
Languages: Fluent in English and Hindi (Native).
